

**CALIFORNIA DEPARTMENT OF TOXIC SUBSTANCES CONTROL
SITE MITIGATION PROGRAM TECHNICAL GUIDANCE DOCUMENTS
REQUEST PROCESS**

This notice is to inform the public of the new process for requesting copies of the Department of Toxic Substances Control's (DTSC's) Site Mitigation Program (SMP) Technical Guidance Documents.

DTSC previously sold the Technical Guidance Documents through SMP's Engineering and Geological Services Unit. SMP has decided to make these guidance documents available to the public free of charge.

1. Guidelines for Hydrogeologic Characteristics at Hazardous Substances Release Sites: Vol. 1 "Field Investigation".
2. Guidelines for Hydrogeologic Characterization at Hazardous Substance Release Sites: Vol.II "Project Management Manual"
3. Representative Sampling of Ground Water for Hazardous Substance Release Sites.
4. Drilling, Coring, Sampling and Logging at Hazardous Substance Release Sites.
5. Application of Surface Geophysics at Hazardous Substance Release Sites.
6. Application of Borehole Geophysics at Hazardous Substance Release Sites.
7. Aquifer Testing for Hydrogeologic Characterization.
8. Ground Water Modeling for Hydrogeologic Characterization.
9. Monitoring Well Design and Construction for Geologic Characterization.

10. Reporting Hydrogeologic Characterization Data from Hazardous Substances Release Sites.

11. Guidance for Preparation of Transportation Plans for Hazardous Substance Release Sites.

Persons interested in requesting a limited number of free copies can contact one of the following SMP offices:

Sacramento Regional Office

Cindy Merical
(916) 255-3776

Berkeley Regional Office

Cornelio Ancheta
(510) 540-3724

Glendale Regional Office

Lee Owens
(818) 551-2977

Cypress Regional Office

Rachel Price
(714) 484-5467

Clovis Office

Tom Kovac
(559) 297-3939

Danny Domingo
(559) 297-3932
